SunSet® Computer Control System

The SunSet computer control system is available as an upgrade for finishing machines and replaces obsolete systems found on Langston® machinery and other OEM's that are equipped with SUN Automation Group® products. The touchscreen operator interface allows for quick and easy machine set-up. The SunSet system stores previous order information to accurately run repeat jobs. More orders are processed per shift, reducing set-up time and waste.

SunSet Systems

SunSet I

- Designed to set up SUN Automation products (vacuum transfer and/or digital registers) on rotary die cut machines
- Typical applications include Ward®, Staley®, Langston Titan, McKinley®, Hycorr®, etc.

SunSet I Upgrade

- Cost-effective solution to replace SunSet I

SunSet II

- Created to replace Langston machine controls only
- No longer available to purchase as new
- Limited refurbishment available

SunSet III

- Developed as an upgrade for Langston machines and older SunSet II setup computers
- Prepares orders to run in seconds
- Supports Langston machines with up to 42 axes
- No custom hardware
- Axes settings recorded
- Excel storage recording format (CSV)
- High-definition display
- Windows 7-based interface with remote support capability
- Optional language translations

Upgrade Options

SunSet I

- Replace with SunSet I Upgrade (same functionality as SunSet I). Includes new computer, touchscreen and peripherals.

SunSet II

- Repair depending on available parts. However, a new SunSet II is not available.
- Full upgrade to SunSet III

About SUN Automation Group®

SUN Automation, headquartered near Baltimore, Maryland, is the world's leading manufacturer of corrugated box equipment. The company's innovative feeding, printing, and converting technologies enable comprehensive solutions for corrugated box plants to increase production efficiency and profitability. SUNAutomation places a strong emphasis on customer support and provides 24-hour on-site technical support globally. Founded in 1985, SUN Automation is 100% employee owned.

Put innovation on your production floor.
